OUTLOOK Session after exhibiting a distressing performance, Indian equity indices have managed to pull through a sparkling performance by gaining over half percent on Tuesday, thanks to the hefty short covering in the beaten-down but fundamentally strong stocks. Sentiments remained up-beat after Finance Minister Arun Jaitley dismiss the slowdown concerns, said that higher tax mop up indicates uptick in economic activity. He further added that demonetised notes had no role to play in the tax collections for December as people were allowed to pay taxes in the spiked currency only in November and the indirect and direct tax collections between April and December this year increased by 25 percent and 12.01 percent respectively compared to the same period last year. Furthermore, describing demonetisation as only a 'bump', Cisco Executive Chairman John Chambers said that India is well-positioned to maintain GDP growth rate of over 7 per cent for the next few years and it should be a 'top ally' for the US in the Asia Pacific region. Some support also came after RBI's newly-appointed Deputy Governor and noted economist Viral Acharya said, India, one of the world's fastest growing economies, is at an 'exciting but challenging time' and has massive potential to become an economic powerhouse.

TRADING STRATEGY: As on (02/01/2017)

Covered Call: Covered Call Construction-

Long 100 Shares
Sell 1 OTM Call

Profit is limited to the premium earned as the writer of the call option will not be able to profit from a rise in the price of the underlying security. Offers more downside protection as premiums collected are higher than writing out-of-the-money calls.

The formula for calculating maximum profit is given below:

Max Profit = Premium Received - Purchase Price of Underlying + Strike Price of Short Call - Commissions Paid
Max Profit Achieved When Price of Underlying \geq Strike Price of Short Call

EXECUTION: Buy nifty fut above 8215 and sell nifty 8300 call around 75-80. Tgt zone 8268 and 8325. Stop loss below 8135.....

Result: Target achieved.
